Estimate for Rs 1100 for planting New Avenues in Kukkambalii Extension

Sir,

Sir,

With reference to
letter No 31-84-167/47-48 dated
the 29th December 947 on the
above subject, I am directed
and to enquire where exactly the
avenues are therefore
to be planted, and to
obtain the Correction that it
is understood
Villages are not going to in near
extension

2 It is further observed that each
tree guard would cost Rs 33-8-0 I am
to enquire whether a cheaper
device cannot be employed
an expenditure of Rs 1100 to rear

25 plants, which seems to be the
number, judging from the number
of Francis appears to be to carry

Sir,

Subject:- Estimate for Rs 1,100/- for planting New Avenues in Kurubarahalli Extension

---

With reference to your letter No L 15143 dated the 30th March 1948 regarding the above subject, I have the honour to state as follows

90 1. The above layout practically ready and the avenue plants are to be planted well in advance whether the layout is used either for shifting Kurubarahalli or otherwise

2 The R C C Tree Guards are more economical than other types in the long run and they are also decent and portable

3 The number now proposed viz, 25 will no doubt be insufficient for the purpose and other tree guards will have to be released wherever the plants are sufficiently grown and reused on the present job To replace the damaged and unserviceable guards a small provision for this item is made in the individual estimates for new layouts

The estimate may therefore be kindly sanctioned and for arded very early

---

With reference to your letter No L 3714/MI 38-47-93 dated 9th October 1948 calling for certain additional particulars in regard to the above, I have the honour to state that there are at present 392 cement tree guards which have been fixed to guard young plants in important roads with a view to protect them from cattle nuisance and that cheaper fence can at best prove only of a temporary protection This device is also being adopted in some cases for want of R C C Guards and it is however desirable to gradually increase the number of these tree guards I request therefore that sanction be the estimate may/kindly obtained and communicated at an early date
